WORK EXPERIENCE

Software Developer, Ascension Automation　　　　　　　　June 2023 – February 2025

- Led the development of a company-wide invoicing tool, ensuring clean and efficient full-stack implementation while adhering to industry coding standards and best practices.
- Updated existing infrastructure to a database, enhancing data management, ensuring secure and reliable transaction processing, and maintaining data integrity throughout the invoicing system.
- Collaborated closely with cross-functional teams to gather requirements, conduct user needs analysis, and design scalable software solutions that effectively addressed business challenges.

Aquatic Clerk, City of Kitchener　　　　　　　　October 2018 – June 2023

- Demonstrated exceptional customer service by actively listening to customer, addressing concerns promptly, and escalating significant issues to the supervisor when necessary.
- Consistently performed day-to-day duties with a prominent level of accuracy and efficiency.
- Maintained company inventory by monitoring stock levels and updating databases accordingly.

Head Lifeguard, City of Kitchener　　　　　　　　September 2017 – June 2023

- Conducted continuous safety monitoring of aquatic facilities and intervened promptly to address potential hazards.
- Maintained current certification in Standard First Aid with CPR-C to provide prompt and effective assistance to individuals in distress.
- Collaborated closely with management to identify areas for improvement and implement effective remedial measures.
